Re: Response to Inquiry

A question was received with regard to the RFQ posted on the Jackson County website as follows:

As referenced in the RFQ, "Who are the County and Court Representatives?"

Response: Representatives of the County are the County Administrator/Controller and the Assistant County Administrator; Representatives from the Circuit Court are the Chief Judge and/or their designee(s), as well as the Court Administrator and/or their designee(s).

Clarification on bidding between Category 2 and Category 3: Only one complete bid will be accepted per attorney or firm, not to exceed 20%, so you may split the bidding as is the practice now, i.e. 10% for each of Category 2 & 3.
