Strategic Plan Impact

✓ **Safe Community**

The Victim Rights Unit is a state-mandated program charged with assisting victims of crime in the criminal justice system. The unit provides constitutional rights afforded to victims of crime through notifications, court assistance, referrals, restitution and all of the legal rights spelled out in the Victim Rights Act. The unit ensures that all victims are treated with dignity and respect during the court experience.

✓ **Economic Development**

The Victim Rights Unit indirectly advances the objective of Economic Development through the recovery for victims who have suffered a financial loss as a result of crime. The Program assists businesses, citizens, organizations, schools and all entities in obtaining restitution for their losses. This is accomplished through helping victims accurately compile and report losses to the court, so that equitable reimbursement is a part of the final judgment. Follow up is also done to ensure victims receive their court ordered payments.

✓ **Healthy Community**

The Victim Rights Unit assists injured victims of crime through a variety of resources and referrals, thus contributing indirectly to the preservation of a healthy community. Financial assistance and referrals for both physical and emotional injury are addressed by the Victim Rights Unit. This is accomplished through application to the State of Michigan Crime Victim

Prosecuting Attorney

Services Commission to financially assist injured victims of crime by paying health care providers for victims who would otherwise be unable to seek treatment. We follow up with the Jackson County Health Department to make sure offenders who have been ordered to undergo HIV testing is complete and the victims who want the results have been notified.

✓ **Recreational & Cultural Opportunities**

The Victim Rights Unit works with crime victims of diverse cultural backgrounds and annually conducts a Tribute and Memorial bringing together all victims from the community. While crime is random and does not recognize cultural differences, we do. Staff accommodates and allows for the varied methods of grieving and loss with an emphasis on respect for any cultural expression.
