Residents who feel free from the fear of crime will undoubtedly spend more of their available leisure time enjoying the recreation and culture offered in Jackson County. This is also true in Jackson area schools that provide opportunities for both recreation and sporting events. For most rural communities the area high school is the epicenter for community activity.

The feeling of safety in our schools lends itself to the enjoyment of all of Jackson County's school functions. Residents who feel free from the fear of crime will undoubtedly spend more of their available leisure time enjoying the recreation and sporting events offered in local schools. Many of the area schools that participate in the School Liaison Program have a particular extracurricular team or group that has substantial community support. The freedom to attend these events without fear of violence or exposure to other criminal risk is no doubt enhanced by this program.

Budget Adjustments

Some County School Districts have requested School Liaison Deputies or added days of the week. All full-time FTE deputy sheriffs in this program have grant funding applied to them during non-school months, and they either conduct Marine Patrols or Secondary Road Patrol Enforcement. We have begun preliminary discussions to add more School Resource Deputies to Jackson County. If we can add more SRDs without any cost to Jackson County taxpayers, we will seek the appropriate permissions to add more deputies to the Sheriff's Department.
