

# THE EMPOWERED CAREGIVER SERIES

# COMMUNICATING EFFECTIVELY

An education program presented by the Alzheimer's Association®

Dementia affects a person's ability to communicate, making it hard to convey their wants and needs to the people around them. Caregivers can learn how to use a person-centered approach to communicate more effectively at any stage of the disease.

### Topics in the program include:

- » How dementia affects communication.
- » Using a person-centered communication approach.
- » Tips for communicating with family, friends and health care professionals.
