## Activities

Serve as the veteran's representative to assist veterans and their families in exploring and applying for a wide range of VA benefits. These benefits include, but are not limited to; disability compensation & pension, education & training, career exploration, home loans, burial benefits, dependent & survivor benefits, healthcare and life insurance claims.

Assist veterans in coordinating social services through related state and local agencies. All Michigan counties are mandated to provide relief and burial benefits to eligible veterans and their family members.

There are 12,273 veterans from Jackson County in the VA census that bring \$24,677,000 into the county in VA benefit money; our focus is to increase those numbers by creating more public awareness of the functions of this office.

## Strategic Plan Impact

### ✓ **Economic Development**

There is over \$24 million being returned from the VA to the veteran citizens and their families in Jackson County. These are funds that are for VA Compensation and Pension. When all programs from VA are considered there is over \$49 million spent on the veterans of our county.

### ✓ **Healthy Community**

Through the VA Healthcare program veterans with an honorable discharge are able to enroll into a program that will allow them to visit a doctor's office that is located within Jackson County and to receive medical treatment and prescriptions. Along with the guidelines of the program VA Healthcare also includes a full service hospital in Ann Arbor. The program not only offers health care in the physical sense but also mental health care.

## Accomplishments

- ✓ With the return of three service organizations to the Jackson County office, we now have the assistance of three accredited service officers with writing claims to the VA.
- ✓ With limited outside assistance the county office has been able to maintain a standard of excellence and efficiency and is still able meet deadlines for filing claims within VA guidelines.
- ✓ We have maintained the quality and efficiency of the office to the level that is expected
