12th District Court Program

Activities

There are six divisions of 12th District Court: Civil, Criminal, Collections, Community Corrections, Probation and Traffic. The District Court processes civil lawsuits, performs weddings, and processes all statute and ordinance misdemeanors. The District Court is also responsible for processing felony matters up to the preliminary examination stage. We collect current and delinquent fines and costs owed to the court, and execute criminal bench warrants. Additionally, we conduct presentence investigations; supervise individuals on probation, and process traffic, marine, snow-mobile, conservation, animal control, and some parking violations. Lastly, we operate two specialty courts – Mental Health and Domestic Violence.

Strategic Plan Impact

✓ Safe Community

The 12th District Court plays an important role in providing Jackson County residents with a safe community. Through the adjudication process we help to create an environment where residents peacefully coexist and participate in all aspects of life. The District Court has two specialized courts for increased focus and attention on areas of concern, Domestic Violence/Aggression Court and Mental Health. Both courts are fully functional and are proving beneficial for community safety. Our probation department has an Intensive Supervision Program that serves as a jail alternative program providing daily monitoring of drug and alcohol abuse for individuals on probation. Our Community Corrections program provides jail alternatives to free up jail bed space for more serious offenders. Video arraignment technology provides added security benefits when arraigning individuals currently housed at the County Jail and /or Department of Corrections.

Accomplishments

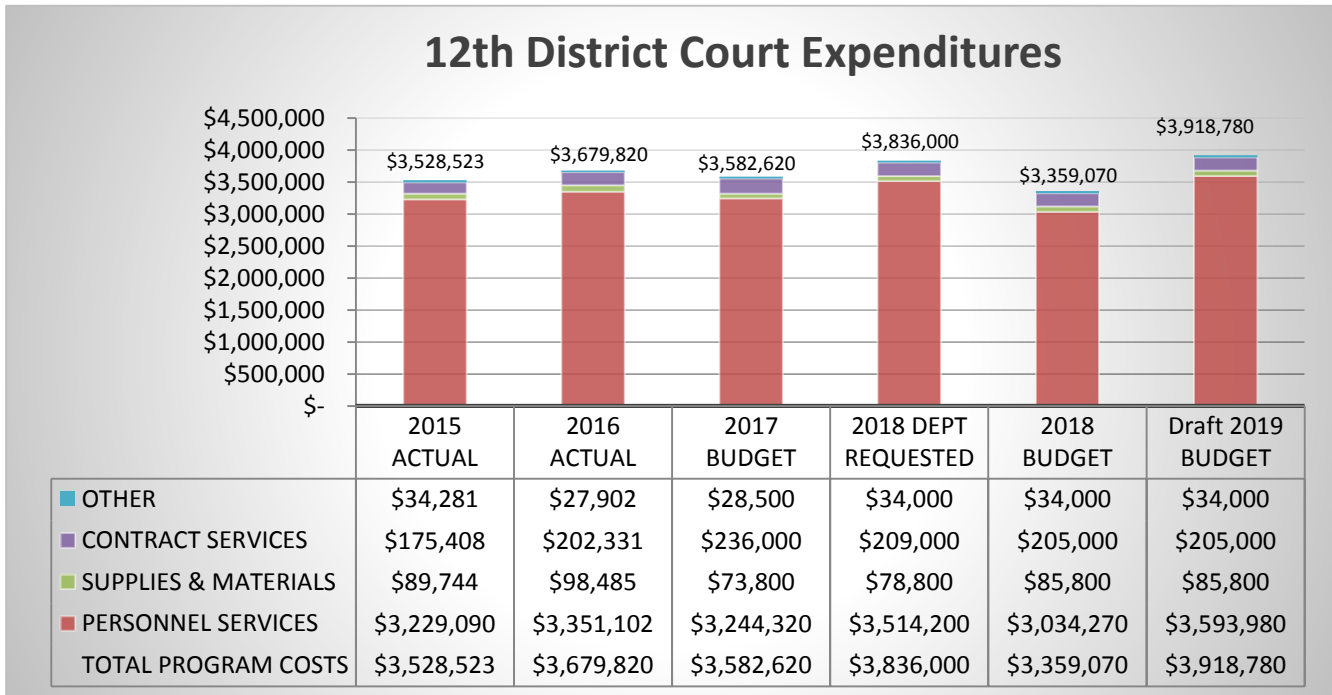

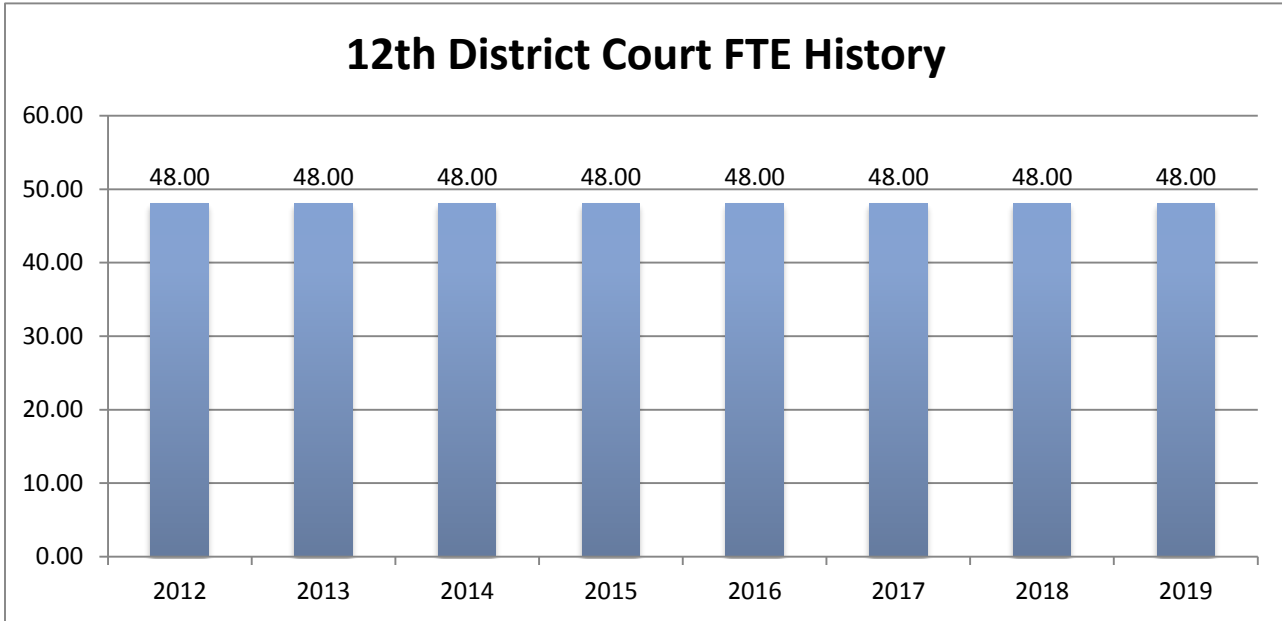

- ✓ Specialty Courts are still a high priority for District Court. The Aggression Court (Domestic Violence) completed its twelfth year. This specialty court is dedicated to reducing the number of domestic violence incidents in Jackson County through a coordinated effort, which focuses on safety and accountability. This year the court successfully graduated 82 defendants making 1,002 successful graduates since inception. In addition to domestic violence offenses, the Aggression Court handles all other assault, stalking, child abuse, malicious destruction of property and resisting and opposing cases. Three hundred five (305) aggression cases were referred to the probation department for a presentence investigation.

- ✓ The Jackson County Mental Health Court (MHC) held its first court session in July 2008. This specialty court is devoted to improving public safety, reducing recidivism, and enhancing the quality of life among mentally ill defendants. This is a grant program administered by the State Court Administrative Office (SCAO) to provide courts and community mental health services programs funding to plan and implement this specialty court. Our Mental Health Court was awarded \$195,000 in grant funding to fund court activities and treatment. In 2016 the court received 86 applications and accepted 24 into the program. Overall, the court successfully graduated 14 defendants while unsuccessfully discharging 15.
- ✓ In 2009, District Court took over the supervision of the Community Corrections program (State Grant Funded) providing jail alternatives for individuals convicted of both misdemeanors and felonies. This program has been a nice addition to the District Court and is 100% grant funded. The court was awarded \$205,333 from the Department of Corrections to implement diversion programs in Jackson County. The objectives of Community Corrections are to lower State prison commitment rates by diverting non-violent offenders from the State prison system and improve utilization of our county jails. Offenders are motivated to participate in P.A. 511 programs because they can avoid jail time or earn early release time through their successful completion. This enables the Sheriff's Department to make better use of jail bed space. 2016 programs consisted of; Community Service, Day Report, ISP, Moral Reconation Therapy (MRT), Staying Quit, Job Readiness and Anger Management.
- ✓ Our collection department has been working diligently to collect outstanding receivables. In 2016 we collected a total of, \$2,196,391, up \$67,073 from. 2015.
- ✓ Our probation department, with the specialized courts, conducted 1293 pre-sentence investigations.
- ✓ 2016 brought another successful Courts To School Program as Judge Filip traveled to Western High School to hold court.
- ✓ November of 2016 a Public Satisfaction Survey was completed over a 5 day span, surveying all customers of the 12th District Court with a survey designed by the State Court Administrative Office (SCAO). Results of the survey indicated that 94% of those surveyed agreed they were treated with courtesy and respect and 82% agreed that they believed the outcome of their case was "fair".

Community Corrections Board

Activities

In 2009, District Court took over the supervision of the Community Corrections program (State Grant Funded) providing jail alternatives for individuals convicted of both misdemeanors and felonies. This program has been a nice addition to the District Court and is 100% grant funded. The court was awarded 205,333 from the Department of Corrections to implement diversion programs in Jackson County. The objectives of Community Corrections are to lower State prison commitment rates by diverting non-violent offenders from the State prison system and improve utilization of our county jails. Offenders are motivated to participate in P.A. 511 programs because they can avoid jail time or earn early release time through their successful completion. This enables the Sheriff's Department to make better use of jail bed space. 2016 programs consisted of; Community Service, Day Report, ISP, Moral Reconciliation Therapy (MRT), Staying Quit, Job Readiness and Anger Management.

Strategic Plan Impact

✓ Safe Community

The Community Correction Board assists the Board of Commissioners in many of their strategic priorities. First, the program assists the Court in providing valuable opportunities for offenders to perform services in the form of restitution for offenses. Secondly, the program supports many of the community activities with labor to accomplish projects that would otherwise not be completed due to financial restraints. These projects support the Board of Commissioners other strategic priorities. Our Community Corrections program provides jail alternatives to free up jail bed space for more serious offenders.

Accomplishments

- ✓ The court was awarded \$205,333 from the Department of Corrections to implement diversion programs in Jackson County. 2016 programs consisted of; Community Service, Day Report, ISP, Moral Reconciliation Therapy (MRT), Staying Quit, Job Readiness and Anger Management. These programs are all jail alternative programs that assist the offenders with needed tools to help them succeed when released back into the community and hopefully assist in staying offense free following successful completion of one of these valuable programs.
- ✓ Community Corrections programs provide a variety of volunteer work throughout the county helping with the Jackson County Fair, Animal Shelter and Jackson County Facilities Department, just to mention a few.

District Court Intensive Probation

Activities

The Intensive Supervision Program has been in operation since the late 1980's. The program plays an indirect role in creating a self-sustaining people where residents peacefully coexist.

Strategic Plan Impact

✓ Safe Community

The program is a house arrest program designed for individuals with serious drug & alcohol problems. Participants must remain at home and a probation officer visits them daily for drug & alcohol testing. Without this program, these probationers would go to jail. The program concentrates on a rehabilitative approach to probation as opposed to a punitive one, while keeping the community safe and offering jail alternatives that in turn free up jail beds for more serious offenders.

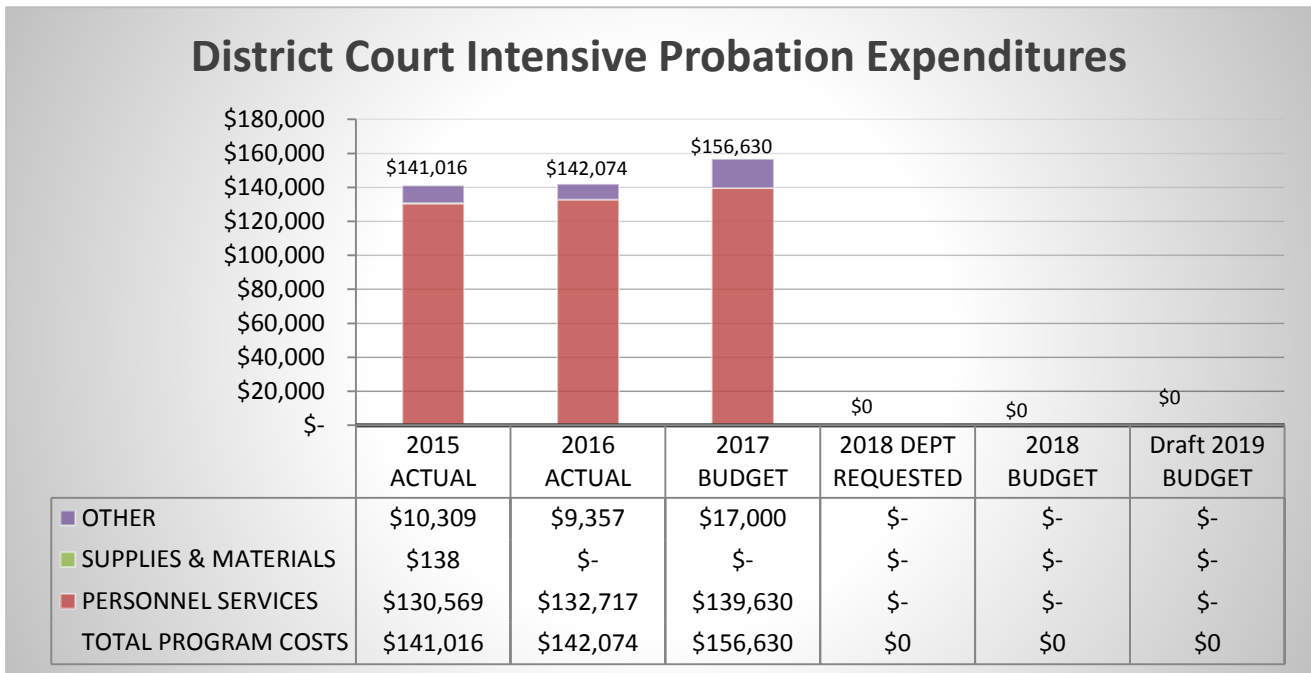

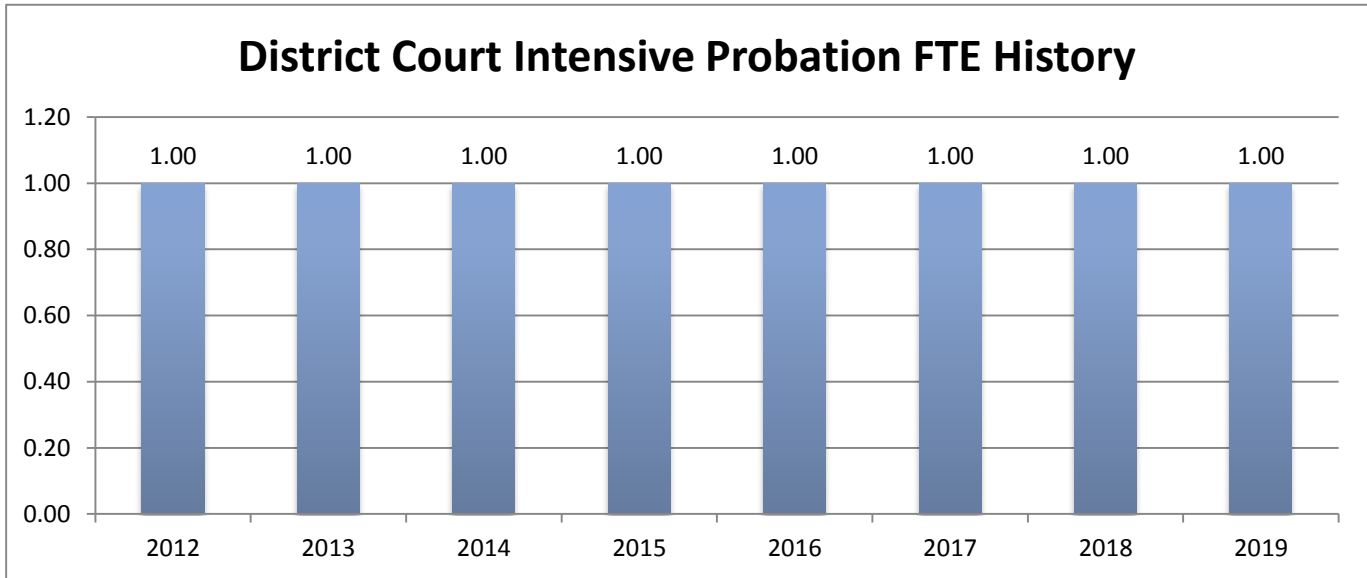

Accomplishments

- ✓ The Intensive Supervision program has been successful in providing defendants with a program that focuses on intensive rehabilitation as opposed to punitive sanctions. The program was originally designed for defendants convicted of multiple drinking and driving related offenses. It has been expanded to include any defendant with a serious substance abuse problem or a history of substance abuse. The program is contracted by the Mental Health Court and Community Corrections Program to provide random supervision.
- ✓ This program assisted the Jackson County Jail by diverting defendants that would have received lengthy jail term. One hundred thirty-one (131) defendants were referred to the program resulting in 11,291 random tests and 70,376 miles traveled. There were 60 violations – 34 alcohol, 15 drugs, 4 curfew, 11 absconded and 7 were classified as “other”. Some defendants violated multiple times. The program successfully discharged 79 of 100 representing a 79% successful completion rate. It is estimated that by sentencing defendants to the Intensive Supervision Program, the court freed 9,766 jail beds and saved \$312,518 in jail bed dollars.

Budget Adjustments

12th District Court

There were no significant budget adjustments to this program. This program has been reorganized and is now included the the 12th District Court main activity.
